Policy Officer	KEM EO

Rationale

The purpose of this policy is to promote healthy, safe, inclusive and hope-filled communities, committed to respect for the sacred dignity and thriving of each Kildare Education Ministries (KEM) staff member and associate.

KEM recognises that promoting the health and wellbeing of staff is imperative and is therefore committed to providing a positive and supportive workplace culture – one in which support is a given.

KEM also recognises that the health and flourishing of each individual member can affect the flourishing of all other members of KEM communities. This policy emphasises cooperation, inclusion and connectedness.

Principles and Values

Welcome

Inspired by the Gospel teachings of love, justice and peace, KEM welcomes all into their diverse communities. KEM cultivates a strong understanding of different cultures and religions and promotes freedom from discrimination of any kind for all community members.

Right relationships

KEM communities are models of faith where co-creative and life-giving relationships with God and others enable all to collaborate and grow in community.

Common Good

All KEM communities work towards achieving the Common Good. This entails the promotion of deep understanding, prayerful reflection and a willingness to act with courageous and collegial integrity.

Empowerment

All members of KEM communities are empowered to act as positive participants of society, with attitudes inspired by Gospel teachings. Motivated by life-long learning, they will be robust enquirers and respectful challengers, with a deep understanding of their place in the world.
